SALOON CLOSING MAY BE EARLIER

HOUSE PROS MAY MAKE HOUR 7 O'CLOCK INSTEAD OF 9:30

WOMEN'S WORK HOUR BILL

Senate Takes Several Amendments on to Measure—House Passes Several Bills

By Associated Press.

Austin, Texas, March 7.—The House today made haste trying to make up the time it has lost considering the home rule bill, and it passed many Senate measures to third reading. Among them were the Hudspeth bill allowing sale of school lands in fractions of one-sixteenth of a section, the Willacy bill providing that towns over 500 may have commission form of government on petition of ten per cent of the voters.

The House also passed finally the Senate railroad hospital bill.

To Limit Women's Hours.

The Senate put in the entire morning considering the women's nine hour work day bill. It adopted an amendment allowing women stenographers to work eleven hours a day, provided they do not exceed fifty-four hours a week. Telephone operators were allowed by amendment to work more than nine hours in times of calamity.

The House committee on private corporations today reported favorably a bill that foreign corporations cannot get Texas permits unless the provisions of the permit are such that the corporation could get a domestic charter on application.

The House committee on liquor traffic reported favorably Llewelling's bill that saloons shall not serve free lunches and that they shall close at 7 o'clock.

It appears that prohibitionists may push a bill for earlier closing than 9:30.

Home Rule Bill Passes.

The House, by a vote of 90 to 24, passed the home rule bill to engrossment Thursday afternoon, after adopting an amendment by Mr. Wagstaff which eliminates all specific recital of powers cities may exercise under the act, merely providing that any city of more than 5,000 may adopt or amend any charter it pleases, subject to the Constitution of the State and not inconsistent with the general State laws.

The bill provides, however, by adoption of amendment offered by Mr. Rogers that "nothing herein shall prevent the people of any city placing in their charter the initative, referendum and recall."

An amendment by Mr. Reedy retains the clause expressly providing that all powers heretofore granted any city by general law or special charter are preserved to such cities until its charter is changed or amended as permitted by this act.

The "Ohio Law" provision was adopted yesterday offered by Mr Kennedy as an amendment to the committee substitute bill. This provides for the election by the voters of any city of a "charter commission" to draw a proposed charter for that city, which shall be adopted, subject by subject, by majority vote of the qualified voters of the city.

The substitute bill as recommended by the committee and subsequently as drawn by the attorneys of the larger cities of the State, enumerated in detail all the powers which a city might exercise in preparing a new charter and adopting or amending it. These detailed provisions were discussed at length yesterday, but this morning Mr. Wagstaff said, in effect:

"Here, why enumerate all these details? Let's just say a city may write anything in its charter not in opposition to the Constitution or a State law. That is real home rule and is the procedure contemplated by the amendment to the Constitution adopted by the people."

Means Real Home Rule.

And this is the sense of the bill as engrossed by the House.

Mr. Fuller spoke in support of the Wagstaff amendment, concurring in the argument of that gentleman.

Mr Williams of McLennan said each city could be trusted to do what was right; he favored the amendment.

Mr. Tarver said it had been the belief of the city attorneys and the sub committee drafting the substitute bill that the specific enumeration of powers prevented cities from putting anything in their charters not forbidden by the Constitution or conflicting with the general law, and so favored the retention of the substitute bill and the defeat of the Wagstaff amendment.

Mr. McKamy favored the amendment, his argument also being that real home rule should simply leave the matter up to each city.

Mr Owsley spoke in support of the Wagstaff amendment, and against the substitute bill in its entirety.

Messrs Lane and Burges spoke against the amendment, considering it the part of wisdom to incorporate in the bill the express powers conferred. Glasscock moved the previous question—which was ordered—Glasscock observing that while his town, the metropolis of the lower Rio Grande Valley McAllen, had not yet reached a population of 5,000 he feared it would before action was taken on this bill, so slow was the procedure.

Mr Kennedy, in conclusion, urged the adoption of the Wagstaff amendment, having read an opinion of Judge Marshall Suratt of Waco in support of such a proposition.

The Wagstaff amendment was adopted by a vote of 72 ayes, 47 noes. The bill was engrossed, 90 ayes, 24 noes.

COLD WEATHER CAUSES ARAB TROOPS TO MUTINY

Fifty of Them are Shot as an Example to Others—Unaccustomed to Low Temperature

By Associated Press

Constantinople, March 7.—Fifty mutinous Arab soldiers belonging to the Turkish regiment guarding the peninsula of Gallipoli and the Dardanelle strait were shot today as an example to the others. Most of the men guarding the line in this district have been brought from Asia Minor and have become mutinous owing to the extreme cold. They declared they were too numbed to fight.

DYNAMITE BLOWS UP, MANY KILLED

MAY BE FIFTY DEAD IN EXPLOSION TODAY AT BALTIMORE

MUCH DAMAGE REPORTED

Three Hundred Tons of Explosive Being Loaded on Vessel When Explosion Occurs

By Associated Press

Baltimore, Md., March 7.—It is believed at least fifty men were killed and fifty injured by the explosion of three hundred or more tons of dynamite being transferred to the steamer Alunchine in lower Baltimore harbor this morning. Many victims were members of crews of vessels near the boat when the dynamite intended for use in the Panama Canal zone let go.

The tremendous explosion shook the country for miles. Windows were broken and chimneys knocked down a dozen miles away. At Sparrows Point, a school house was partly destroyed and several children hurt.

Tall buildings in the center of Baltimore were shaken as if by an earthquake. Scores of vessels hurried to the scene taking floating bodies from the water and rescuing some injured.

Near the Alunchine was the tug Atlantic and several launches. When a puff of smoke came from the Alunchine's hold of the crew noticed it and ran screaming to the dock followed by many men.

Fourteen of the crew jumped into a launch alongside the steamer. The men on the dynamite barge made frantic efforts to escape. The tug Atlantic was too far away to render assistance and too close to escape damage. The tug was 200 feet away when the explosion came.

Columns of flames shot out from every portion of the vessel. Fragments of machinery and sections of the steamer's hull weighing tons rose hundreds of feet in the air. Pieces of iron and steel three feet long were found three miles away. Flying debris included unexploded boxes of dynamite and when these fell on the decks of the collier Jason and the tug Atlantic they wrecked those vessels and killed numerous members of their crews.

WILSON IS SWAMPED BY ROYALTY'S GREETING

Washington, March 7.—Congratulatory letters and telegrams poured in to the White House today from all over the world. They came from kings, emperors and presidents of foreign republics, and from proud fathers and mothers who announced the birth on March 4 of sons who are to be named Woodrow Wilson. Most of the governors of states, many mayors of cities and scores of prominent Democrats contributed messages.

RELATION OF LOW W[redacted] UNDERWORLD IS [redacted] PROBED

ROSENWALD IS [redacted]

Says There is no Connectio[redacted] the Two—How Cheaply [redacted] go Girl Can Live

By Associated Press

Chicago, March 7.—Lead[redacted] chants of Chicago were cal[redacted] the State Senate vice com[redacted] day in an effort to discover the connection between low wages to women and underworld vice. Lieut.-Gov. O'Hara said in Chicago alone, 50,000 women are employed at $5 a week.

Julius Rosenwald, president of Sears, Roebuck & Company, testified his company employs 4732 women and girls whose average wage is $9.12 a week; the lowest salary of $5 is to girls sixteen years old who are advanced to $5.50 after three months' work.

Mr. Rosenwald was at one time chairman of the Chicago vice commission, which conducted an investigation and part of whose report was suppressed. Rosenwald said a committee of department heads in his company had reported the minimum requirement of girls not living at home was $8. O'Hara said:

"Now, I want to ask you as a man of wide philanthropy, if you think that low wages induce immorality in women?" Rosenwald replied:

"I will answer that as I have answered before. There is practically no connection between them. I believe prostitution is as likely to come to a woman who earns over $10 as to one who earns less. It depends on the woman. A girl earning a small amount might use that as a subterfuge to account for her dereliction."

"Do you consider $5 enough for any woman to live upon?"

"Yes, if she lives at home."

"And $8 is enough for one who supports herself?"

"That is what our investigation showed."

MADERO'S TO QUIT MEXICO FOREVER

EMILIO SAYS NO EFFORT WILL BE MADE TO RE-ESTABLISH FAMILY

Some May Make Home in United States—No More Revolutions Planned by Relatives

By Associated Press

San Antonio, Texas, March 7.—"None of the Madero family ever will live in Mexico again; each member will dispose of all his property and the family will scatter in other parts of the world, some in the United States and some in Europe. The first man of the Madero's who seeks to establish himself as president of Mexico, I myself will shoot down."

Emilio Madero made this statement today at his hotel, where he was joined by his wife last night. He said that neither himself nor any of his brothers or relatives will ainaugurate a revolution with revenge as its object.

He said it is for the people of Mexico and the constitutional governors, such as Carranza of Coahuila and other places, to take steps to see that constitutional government prevails and that murderers and assassins are punished.

President Wilson Adopts Policy of Publicity as to Proceedings of Cabinet

By Associated Press

Washington, March 7.—After today's cabinet meeting, President Wilson let it be known that he proposes as far as possible, to pursue a policy of publicity regarding what takes place about the cabinet table.

Today's meeting was concerned with the work of organization.

The City National bank has just received a large supply of new nickels direct from the mint at Philadelphia.

Had Threatened General Strike Unless Universal Suffrage Was Granted, but Troops Were Called

By Associated Press.

Budapest, March 7.—The woman's suffrage cause won a notable victory here today when the lower house of the Hungarian parliament adopted the government suffrage reform bill by which a large number of women are enfranchised.

The Hungarian capital was crowded with troops during the debate because of threats of Socialists to begin a general strike throughout the country. This was to be done in protest against the government's attitude against complete universal suffrage.

No disturbances occurred during the early part of today, the people being over awed by the great display of arms.

ADJOURNED SESSION OF COUNCIL THIS AFTERNOON

Lighting Matter Will be Taken Up and Bids Will Probably be Received

The session of the city council adjourned last night will be reconvened at five o'clock this evening when it is expected the light question will be disposed of. It had been intended to take up this matter last night but the Wichita Falls Light Company which was preparing an estimate and proposal for furnishing current asked for further time.

TELEPHONE COMPANY TO INSTALL MORE CABLES

Force of Twenty-Five Linemen Arrive and Will Stay to Work on New Building

A force of twenty-five linemen under Construction Foreman Randall arrived here from Fort Worth this afternoon to begin work on the new plant of the Southwestern Telephone Company.

Their first work will be in laying cables to relieve the overcrowded wires in the residence districts resulting from the great growth of the town. These cables will be connected with the switchboard in the exchange in its present location but the men are to continue here until the new exchange in a new building at the corner of Ninth and Scott avenue is completed.

In many parts of town it has been impossible for the telephone company to supply connections on account of the cables already being filled to their capacity.

COUNTY FARMERS UNION IN SESSION AT ELECTRA

The quarterly meeting of the Wichita County Farmers' Union is in progress at Electra today. W. A. Bowen, editor of the Field and Fireside, the official publication of the State Union will be a speaker at this afternoon's session. J. L. McConkey was one of those who went up from here to attend the meeting.

FLORIDA DEMOCRAT SHORN OF SIXTEEN YEARS' GROWTH

Orlando Fla., March 7.—Colonel C. Hill, an old resident of Orlando, had his first hair cut in sixteen years yesterday. During the campaign of 1896 he had a pledge to let his hair go untrimmed until a Democrat became President.

An echo of the Wilson inaugural festivities at Washington attended the operation of cutting Hill's locks which was performed in a stand on the public square. Scores of the townsfolk assembled and cheered a speech by Hill in which he declared the pleasure of parting with his locks was not half so great as knowing that the country was to enjoy an era of prosperity.

A marriage license was issued this afternoon to Kamel Haddard of Drinkman, Oklahoma, and Miss Ranse Maeard.

COMPANIES NOT WORRYING MUCH

SUIT AGAINST OIL CONCERNS NOT TO STOP DEVELOPMENT

MAY BLOCK RECEIVERSHIP

Corsicana May Enjoin Appointment—Work Here Not to Be Hampered It Is Said

That the suit for forfeiture of charters and for various other direful things filed by the State of Texas against the Corsicana Petroleum Company, the Magnolia Petroleum Company, et al. will not check activities and development by those companies in the Wichita county field is the belief of their representatives here.

"We will go right ahead," one of these said this morning.

When it was suggested that a receiver might give other orders this representative called attention to the fact that a receiver was not yet in charge and said he believed there was small probability that there ever would be one in charge. It is said the Corsicana Company is now preparing to enjoin a receiver. This injunction suit will result in the case going directly to the State Supreme Court where the oil men believe they will win out.

Nothing To Worry About.

The filing of the suit has attracted less of a sensation than would have been expected from the size of the penalties asked and the prominence of the companies and individuals sued.

Oil men assert that Attorney General Looney betrayed a lack of confidence in the strength of his case when he filed the suit in his home county—Hunt—rather than in some other county where there was less likelihood of the influence of his personality being felt.

TRAFFIC BUREAU TO BE ORGANIZED

MEETING HAS BEEN CALLED FOR NEXT TUESDAY MORNING AT NINE

WORK ON FREIGHT RATES

Merchants, Manufacturers, Wholesalers and Jobbers Expected to Take Part in Organization

A meeting of Wichita Falls merchants, manufacturers, wholesalers and jobbers has been called next Tuesday, March 11 to discuss the advisibility of organizing a traffic bureau. The meeting will be held in the Chamber of Commerce rooms at 9 a. m.

The work of such a bureau would be to check freight expense bills to see whether correct rates had been charged, the adjustment of claims for damage, and to furnish information concerning rates, etc.

The organization of a traffic association has been agitated for some time, the agitation culminating in the call for the meeting Tuesday.

Houston, Texas, March 7.—Mrs Lucy Rife and W. R. Linn were painfully and perhaps seriously injured today when a switch train backed into a street car overturned it and ran a box car onto the street car. There were five passengers in the car.

CLARK OF ARKANSAS TO BE PRESIDENT PRO TEM

Bacon of Georgia is Defeated in Caucus—New Chaplain Chosen for Senate

By Associated Press

Washington, March 7.—Democrats of the Senate today chose Senator James P. Clark of Arkansas for president pro tem of the Senate, over Senator Augustus O. Bacon of Georgia, by a vote of 27 to 14. The result was a great surprise as it was considered Senator Bacon would be selected. This caucus choice is equivalent to an election in the Senate.

Reverend F. J. Prettyman a Methodist, was chosen to succeed Rev. U. G. Pierce as chaplain of the Senate. Pierce is a Unitarian.

COUNCIL FAVORS CITY HALL SALE

NEW BUILDING LIKELY IF GOOD PRICE CAN BE SECURED

THINK IT WORTH $45,000

Several Sites are Considered for Proposed New Structure But No Action Taken

Talk of selling the present city hall and the purchase of another site and the building of a new hall large enough to meet the city's needs began to take on a more definite form when the proposal was discussed at the meeting of the city council last night.

The discussion was entirely informal but it developed that every member of council was in favor of the movement provided the right kind of deals could be made. While no motion or resolution was offered members of council joined in assenting to a proposal that Mayor Bell try to learn just what the present hall and site would bring.

Forty five thousand dollars was considered by some of the members as a fair price. Others thought it was worth fifty thousand, but no definite figure was agreed upon.

Under the law it will be necessary to sell the property at auction but it is believed if a guaranteed offer is bid which is acceptable to council that this bid will get the site.

If it is found that a satisfactory price can be received for the present site, negotiations will then be started for the purchase of another site. Several sites are known to be available.

SEVERAL CONVICTIONS IN THE COUNTY COURT TODAY

Following the conviction of his wife on the same charge Pat Keys was found guilty in the county court yesterday evening on a charge of "running a disorderly house" and a fine of $200 and imprisonment for twenty days in the county jail assessed. The defendant filed an appeal bond.

His conviction followed the conviction of his wife, May Keys on a similar charge on the day previous and the assessment of the same penalty.

Three other cases are docketed against Keys.

Today "Kid" Humphries was found guilty by a jury in the court yesterday on a charge of vagrancy and fined $200. Six other charges including that of running a disorderly house are docketed against this defendant.

Following the Humphries case, Pat Keys was placed in trial for vagrancy.

BOOZE WORTH $1,000 IS CONFISCATED AT LAWTON

Lawton, Okla., March 7.—Invoking the authority of the Webb law prohibiting wholesale shipments of liquor into dry states, Comanche county enforcement officers Thursday confiscated forty-three cases of whiskey and sixteen cases of beer shipped to from Fort Worth, St. Joseph and Kansas City wholesale houses to local men, most of them under fictitious names.

It was taken at the Rock Island depot. The one capture of "outlaw stuff represents a wholesale cost, laid down, of approximately $800, meaning at retail prices more than $1,000.

It is said to be the first of a number of large orders through which local bootleggers hoped to stock up before the new federal law became effective here.

Tammany Hall Leader Will Call at White House—President Gets Invitation to Texas

By Associated Press

Washington, March 7.—President Wilson today began conferences with some of the leaders in Congress. The first White House visitors were Senators Culberson of Texas and Tillman of South Carolina. Chairman Fitzgerald of the House appropriations committee conferred with Mr Wilson, asking many questions about legislation.

Late today in the east room, Mr Wilson is to meet Charles F. Murphy the Tammany leader, with eight other New Yorkers. Regular cabinet meeting days will be Tuesday and Friday but many special cabinet sessions probably will be called.

Work On Appropriations.

Representative Fitzgerald, after half an hour's talk with the president, said they discussed only general subjects. He said no decision has been reached whether the House shall appoint an appropriation committee and draft a sundry civil bill to take the place of the one vetoed by Mr Taft. It is possible a new sundry civil bill and an Indian appropriation bill will be introduced in special session without going through the appropriation committee.

Former Governor Glenn of North Carolina, who was Mr Wilson's classmate and who played on the same baseball team with him at Davidson College North Carolina, years ago called on the President. It was recalled today that at their last meeting, in Indiana during the campaign Mr Glenn pushed through the crowd and said:

"Hello, Tommy," and the future president replied, "Hello, Bob."

Mr Glenn was asked today, "Did you call him 'Tommy' this time?" Glenn replied, "No, I called him Mr President."

Is Invited to Texas.

The president told Col Robert Ewing, Democratic national committeeman from Louisiana, that he intends to remain at Washington at work and do very little traveling, at least during 1913.

President Wilson already has begun to receive invitations to attend civic and state affairs. One is from Cuero, Texas, for next November. The invitation was delivered yesterday by Master Jack Howerton who appeared at the White House in the uniform of a boy scout and accompanied by Senator Sheppard.

The invitation was a huge turkey standing nearly ten feet high with a letter invitation wedged into its bill. The invitation was for the turkey to be the parade.

UNION MASS MEETING AT COURT HOUSE TONIGHT

A mass meeting of local union labor men has been called for this evening at the court house, when Edward Cunningham, president of the State Federation of Labor and one of the best known labor leaders in the Southwest, will deliver an address.

Mr Cunningham is reported an interesting talker, and the meeting is expected to be one of much interest. All union men, and the public in general, are invited to be present, and a large crowd is expected.

CIVIC CONTEST PLANS PREPARED

AMOUNT OF PRIZES TO BE OFFERED IS NOT YET DETERMINED

TWO CLASSES OF AWARDS

First Will be For Best Kept Yards and Second For Most Artistic —Five Districts Planned

Although the amounts of the prizes to be offered have not yet been determined the other details of the civic beauty contest which the Chamber of Commerce plans this spring have been prepared. There are to be two sets of prizes the first for the best kept most sanitary premises and the second for the most artistic yards. For the latter the city will be divided into districts and a prize offered for each district.

The plans are outlined in the report of the Civic League committee which consisted of Mesdames Christensen Adickes Richolt Robinson and Howard and include the following recommendations

Class A to be for the best kept most sanitary premises regardless of vegetation first second third and fourth prizes to be offered

Class B to be for the most artistic yards. Trees grass and vines are the easiest to grow and count the highest score. Hedges cordering the flower beds are all consisted in this class. The committee recommends as easy to grow and making good beds and bordering Geraniums cosmos salvia phlox petunias princes feathers immortelles zenias verbenias violets roses and chrysanthemums. Vines are easie to grow requiring less work and water than flowers. We recommend balsam wistaria jack beans trumpet vine and cinnamon

To Have Five Districts—

That the town be divided into districts and that prizes be awarded for each district as follows

"1 East and south of Wichita Valley railway to city limits

"2 Denver tracks to Grace street between Eighth and Twelfth streets

"3 From Twelfth street south to city limits

"4 From Eighth street to the river between Grace and Denver tracks

"5 Floral Heights south and east of car line

6 Floral Heights north and west of car line

The contest will be open to boil land lords and tenants and an effort will be made to have a large number of contestants

The committee also recommend that instead of the annual tag day there be a seed day instead

The Chamber of Commerce will soon fix the amounts of the prizes to be awarded

THREE ALDERMEN WILL BE CHOSEN NEXT MONTH

Terms of J. F. Reed, M. J. Gardner and J. T. Young Expire—No Candidates have Announced

Notices are being drafted this afternoon for the city election in April at which three aldermen are to be elected. The election will be held on the first Tuesday in April as designated by law. Three aldermen are to be elected to succeed J. F. Reed, M. J. Gardner and J. T. Young. No candidates have announced for any of the places and it is expected that the usual custom of nominations by petition will be followed.

WICHITAN AMONG GREEK VICTORS

PETER FELL OF THIS CITY IN TRIUMPHANT ARMY AT JANINA

NO RECENT WORD FROM HIM

Last Letter Told of Hardships and Suffering Fighting in the Snow—Outside the City

Among the thirty thousand victorious Greek soldiers who marched into the Turkish fortress of Janina yesterday morning as the successful culmination of a long and bloody siege was one who left his home here several months ago to give his services to his native land. This one was Captain Peter Fell a brother of A. H. Fell of the Candy Kitchen. Mr. Fell who was a lieutenant in the Greek reserves left Wichita Fall with five of his compatriots at the beginning of the war to join his colors and has been at the front ever since his arrival participating in some of the most important battles of this great war. Since the war started he has been promoted to a captaincy with the regular army.

When his brother here heard from him last he was with his company before Janina. The last letter was written on February and tells of fighting in the snow and of bitter weather and severe hardships. It also tells of starting of the general advance of the Greek troops upon the Turkish fortifications.

Mr. Fell has heard no later news from his brother and will anxiously await the coming of the next mail from Greece. The Greeks have suffered heavy losses in the siege and of course Mr. Fell does not know that Captain Fell or his two younger brothers Nicholas and George who are also in the army and fighting before Janina lived to march with the triumphant army into the fortress. The last letter from Captain Fell was dated from Prilep to another brother in Athens who forwarded it by mail to America.

MOUNTED POLICE PLANNED BY CITY

TWO OFFICERS WILL PROBABLY BE SUPPLIED WITH HORSES SOON

AMOUNT OF CASH FINES

Total During 1912 Sufficient to Pay Salaries of All of The City Officials

Wichita Falls will soon have two mounted policemen if the plans of Mayor Bell are carried out. The mayor told the council last night that two more horses to be used by the police would soon be a necessity and said that this was an expense that must be looked out for.

He said the city was spending [illegible] over [illegible] much territory for the police force on foot. Other members of the council agreed with Mayor Bell that horses for at least two officers would soon be a necessity.

In this connection the mayor told the council that cash fines collected in the corporation court during the past year had been sufficient not only to pay the salaries of all the police but the salaries of all other officers of the city as well. He further said that the addition of each member of the police had resulted in a corresponding increase in the revenue from cash fines.

ONLY TWO VOTES OPPOSING BONDS

$50,000 ISSUE FOR SCHOOLS CARRIES ALMOST UNANIMOUSLY

FOR TWO MORE BUILDINGS

Vote is 119 to 2—Plans for Expenditure of Money Are Already Well Under Way

By a vote of 119 to 2 fifty thousand dollars of bonds were voted yesterday by the Wichita Falls Independent School District for the purchase of additional school grounds and for the erection of new buildings.

The vote shows that while there was lassitude on the part of the property owners concerning the proposed bond issue there was practically no opposition to the bonds. This lassitude is explained probably in the fact that the great majority of citizens have entire faith in the school board and are willing to trust to their judgment as to the needs of the school implicitly.

The school board had already discussed plans for the expenditure of the money from the sale of the bonds. These plans include the erection of a new school in the factory addition a new school in the factory addition grounds and the purchase of an athletic field near the high school building. Since these were decided upon there has been considerable agitation for a school building in North Wichita and members of the board have expressed themselves favorably for a school there.

Imperial Reliability

Every principle of construction of the Imperial cars has been thoroughly tested in cars of the past that have made good. There is nothing new or untried, every part has been proven.

We know these cars are right, and numerous gruelling reliability contests have shown this beyond any doubt. We know they are right, for behind them are the records of Imperial cars of the past—records of satisfactory service rendered many owners.

Our motto is, "The Car that Gets There and Back," and it has been proven scores of times that this is true.

The Seekers

One asked a sign from God; and day by day,
The sun arose in pearl, in scarlet set.
Each night the stars appeared in bright array,
Each morn the thirsting grass with dew was wet.
The corn failed not its harvest, nor the vine,
And yet he saw no sign.

One longed to hear a prophet; and he strayed
Through crowded streets and by the open sea;
He saw men send their ships for distant trade
And build for generations yet to be.
He saw the farmer sow his acres wide,
But went unsatisfied.

One prayed a sight of heaven; and erewhile
He saw a workman at his noontime rest,
He sa wone dare for honor ,and the smile
Of one who held a babe upon her breast;
At dusk two lovers walking hand in hand
But did not understand.

—Victor H. Starbuck in the American.

WELL-ATTENDED MEETING OF AUSTIN SCHOOL MOTHERS HELD

The Austin School Mithers and Teachers Club met in regular session Thursday afternoon, with good attendance, there being equally as many new faces as old ones. Mrs. T. H. Peery, led the devotional exercises, reading from the sixth chapter of Luke and commenting upon it as applying to the members; Mrs. Lee led in the Lord's Prayer. The program was carried out in full, with the exception of the paper which was to have been read by Mrs. Ford. She asked that it be postponed to the next meeting on account of the lateness of the hour. The children who took part in the program performed their respective duties beautifully, and their performance was greatly enjoyed. Mrs. Garth, by special request gave a vocal solo that was very greatly enjoyd. Among the subjects discussed at the meeting was that of child labor in Wichita Falls' factories; another topic was compulsory education, Professor Niles and several members taking part. A committee was appointed this district representatinves in the Legislature and let them know how the members stand on this question, question. The next meeting of the Club will be held in two weeks, on March 20. The campaign for new members is on; every member should find out which side she belongs and enter the contest in earnest.

BOX PARTY OF YOUNG PEOPLE ATTENDS "A MODERN EVE"

A box party of young people attended the performance of "A Modern Eve" at the Majestic Thursday evening, those taking part being Misses Hindman of Indiana, Eddie Carver, Jewel Kemp, Carrie Kell, Kathryn Wilson, Messrs. Jack Naylor, Merrill Blair, R. J. Marin, James Griffin and Linn Boyd.

COLLEGE OF MUSIC & ART RECITAL SATURDAY EVENING

At the students recital to be given tomorrow evening at 8 o'clock at the College of Music & Art, the following will take part: Misses Jewel Kemp, Edith Slaten, Temple and Abbie Thompson, Dorothy Beavers, Mildren Van Noy, Berenice Jackson, Agnes Andree, Elechia Kahn, Alice Burnside, Elizabeth Patterson, Messrs. Alexander McKee and Paul Pratt. The friends and patrons of the College are invited to attend.

FIVE HUNDRED CLUB MEETS WITH MRS. T. W. ROBERTS

Thursday's session of the Five Hundred Club was held with Mrs. T. W. Roberts, a very enjoyable meeting taking place. There were four tables of players, and of these Miss Cora Coons was the fortunate one in cutting for the club souvenir, a piece of hand embroidered linen. A two course luncheon was served at the conclusion of the games. Mrs. Eugene Sherrod will be the next hostess to the Club. Those present Thursday were Mesdames Everett Jones, R. Duke, T. T. Reese, Eugene Sherrod, R. L. Miller, J. C. Berney, A. Zundelowitz, Mey, Gray, R. E. Huff, W. B. Shepperd.

Misses Mabel Simpson and Jennie Huggins leave tonight for Fort Worth to attend a meeting of the alumnae of the several St. Mary's Colleges of the State.

Mr. and Mrs. T. W. Roberts leave Sunday to spend a week in Fort Worth.

The Alamo Home and School Club is in session this afternoon at the school building.

Must You Be Bald?

What have you done to stop your hair from falling? Have you tried Rexall "93" Hair Tonic? If not, we want you to try it at our risk.

If you have dandruff; if your hair is falling out and your scalp is not glazed and shiny, if you use Rexall "93" Hair Tonic according to directions for thirty days, and at the end of that time you are not thoroughly satisfied with the results and will tell us so, we will immediately hand back your money. We won't ask you to promise anything. We won't even question you. We will take your mere word and return your money.

Doesn't it stand to reason that Rexall "93" Hair Tonic must be a mighty good remedy and have given great satisfaction to our customers if we endorse it like this? We know of no similar remedy that is as good. It is because of what Rexall "93" Hair Tonic has done for others that we back it with our own money.

Why suffer scalp and hair trouble or be bald, when Rexall "93" Hair Tonic will remove dandruff, make your scalp comfortable and healthy, promote hair growth and tend to prevent baldness—when we will pay for the treatment should it fail to please you?

We don't obligate you to anything. You simply buy the treatment; use it, and if not pleased, come back to us empty-handed—and we will hand back what you paid us. Two sizes, 50c and $1.00 a bottle.

You can buy Rexall "93" Hair Tonic in this community only at our store:

"CUT IT OUT"

"All drains, soil pipe and waste pipe should be absolutely tight against leakage of water or air," says an eminent authority.

In all Our Plumbing Work we observe this rule carefully. We also construct the drainage system so that it will carry away completely, automatically and immediately everything that may be delivered into it. We "cut out" the poor material and workmanship. We guarantee our work and we want your business.

ADVANCE IN FREIGHT RATES ON GRAIN ARE SUSPENDED.

Washington, March 7.—A 30 per cent advance in freight rates on grain and grain products proposed by the Chicago, Rock Island & Pacific railway from Chicago, St. Louis and Mississippi river rate territory to destinations in Oklahoma and the Southwest, was suspended today by the interstate commerce commission until July 15.

It was proposed to effect the increase by canceling existing through rates and making applicable to the traffic only combinations of local rates.

Entered at the Postoffice at Wichita Falls as second class mail matter

Wichita Falls, Texas, March 7 1913

505 PICNIC TALK 505

There is talk of the legislature adjourning on the 14th

Only 119 tax paying citizens took interest enough in the school bond election of yesterday to go to the polls and vote but 117 of them voted for the bonds It is believed the opposition polled its full strength

The retiring president on the eve of his departure from the big arm chair in the white house expressed his wonder that all good men were not unitarians in religious belief It was the same wonder bump which became excited when the returns of the late election came in He wondered how it was that all good men were not republicans —Temple Telegram

Wichita Falls has organized a stock company for the purpose of holding an interstate fair at that place in which parts of Oklahoma will participate This means the thing will go through for Wichita Falls has a sure enough live Chamber of Commerce —McKinney Courier Gazette

And still there is great demand for more residences The lack of them is Wichita Falls' greatest drawback There is hardly any investment that will bring better interest than a few well constructed modern residences There is not the least danger of having them stand idle

Editor Wm A Bowen of the Arlington News and also of the Farmers Fireside Bulletin which is the official organ of the Farmers Union for Texas and Louisiana was in the city today, and honored the Times with a visit Editor Bowen is one of the pioneer newspaper men of Texas and is making a great success of his publications

Press dispatches indicate that President Wilson meant just what he said when he gave it out that he would not grant audiences to those seeking office except on his own invitation Even senators and congressmen who try to break over the rule and intercede for their friends are respectfully but firmly told to take the matter up directly with the heads of departments under which the applicants are seeking appointments

Huerta, the president of Mexico, is nothing if not a tyrant and late press dispatches indicate that even our American ambassador is approving his acts of assassination and murder It may be that he is forced to do to protect Americans who are there but if so, it is deplorable and an evidence that he should be recalled Long live the president is the cry in Mexico and those who shout this do so seemingly without caring much who the despot is that happens to be the president

In the passage of the Webb bill over ex President Taft's veto the prohibitionists have won a great victory This bill which soon will become a law prohibits the shipment of intoxicating liquors into states that have adopted laws prohibiting the sale of liquor or from one part of a state where liquor is legally sold into another part where it sale is prohibited This is a sensible law and one that will do much good

We are told by the Richmond Times Dispatch that there has never been a president of the United States who was a Baptist That paper says there have been eight Episcopalians—Washington Madison Monroe William Henry Harrison Tyler Taylor Pierce and Arthur Six Presbyterians—Jackson Polk Buchanan Lincoln Cleveland Benjamin Harrison and Woodrow Wilson is the seventh of that faith There have been four Methodists—Johnson Grant, Hayes McKinley Both Van Buren and Roosevelt were adherents to the Dutch Reform Church John and John Quincy Adams were Congregationalists Fillmore and Taf Unitarians and Garfield a Disciple making in all seven religious bodies that have been represented by our twenty six presidents

Judging from the way in which President Wilson has picked his cabinet, the fellows who were Wilson men from start to finish are not going to be left out in the cold Their claims for office will at least be given as much consideration as if they had been advocating the claims of other presidential candidates and this is as it should be If the Times has been rightly informed only about three of the eighteen congressmen from this state were for Wilson as against Clark Harmon or Underwood and those who were against Wilson used all the pressure and influence they could bring to bear to throw the forty convention votes of Texas against Wilson and had they succeeded Texas would not have sent a solid Wilson delegation to Baltimore and the probability is that if Texas had not sent a Wilson delegation he would not have been nominated The Wilson men of Texas made a strong fight against great odds and won and they should not be discriminated against

Concerning the refusing of the Senate to confirm the appointment of Gov Colquitt to be members of the Life Insurance Board Worth S Ray a newspaper correspondent at Austin sends out the following

It has leaked out that the Senate refused to confirm the reappointment by the governor of Capt Pollard and Wallace English on the State Fire Rating Board By some it is charged that Captain Pollard, by reason of his long connection with insurance companies takes a one sided view of rate making and rate adjusting favorable to the companies on dthat he is the whole board In effect By others principally those who are close to the Governor it is stated that action on these appointments was postponed because of the fact that a bill is pending to abolish and another to amend the present fire rating board law It will be remembered by many that under this law as it was first enacted during the administration of Governor Campbell the insurance companies had the privilege of naming one of the members of the board and that in so doing they selected Captain Pollard, who is a veteran in the business but whom the Governor refused to appoint to that position and demanded the selection of some one else Later he was again selected and appointed by Governor Colquitt It must be confessed that there is a strong prejudice existing against Captain Pollard as a member of the board but while this is true it has never been charged that he acted other than with strict honesty in the enforcement of the law

It is only they say that he has become so imbued with the "insurance vision" that he cannot see the people's side so well as another might do Whether this view is taken of the matter by members of the late Senate is not known If so, this may account for the failure to confirm his appointment If not and the law remains unrepealed at the close of the session these appointments may then be confirmed '

HER FRIEND'S GOOD ADVICE

The Results Made This Newburg Lady Glad She Followed Suggestion.

Newburg, Ala—"For more than a year writes Myrtle Cothrum, of this place, "I suffered with terrible pains in my back and head I had a sallow complexion, and my face was covered with pimples. Our family doctor only gave me temporary relief

A friend of mine advised me to try Cardui so I began taking it, at once, and with the best results, for I was cured after taking two bottles. My mother and my aunt have also used Cardui and were greatly benefited.

I shall always praise Cardui to sick and suffering women"

Cardui is a purely vegetable, perfectly harmless, tonic remedy for women, and will benefit young and old

Its ingredients are mild herbs, having a gentle, tonic effect, on the womanly constitution

Cardui has helped a million women back to health and strength.

DR. PRICE'S CREAM Baking Powder

Purity in food, lower cost of living—these are the demands of the day.

Pure food is health, and health is economy itself We cannot have health without healthful food.

The most healthful foods are the quickly raised flour foods — biscuit, cake, muffins, crusts and other pastry, when perfectly made from wholesome ingredients.

Dr. PRICE'S baking powder makes these foods in specially attractive, appetizing and wholesome form, and for both economic and hygienic reasons, such food should be more largely substituted for meat in the daily diet.

But bear in mind that alum, or unwholesome baking powder, can never make pure, wholesome food.

TILE

When you want a first class piece of work, you don't go to a novice, do you? But to one who has the reputation of being able to carry out his contract.

We are daily building a reputation, that the assaults of our enemies only make more secure. Every successful business man has his enemies, but usually his name is sufficient to "silence envious tongues." He has only to "be just and fear not." Our reputation is builded upon the class of work we do. We do the best! We demand a fair price for our ability, our time and our labor, so that we won't have to stand for second class goods being shipped us, or employ an apprentice. Our employees have to know their business.

If you want anything in the Tile line, leave it to us, and if our competitors don't say it is first class, don't ante.

Tile in the bath room, tile in the business house, tile in the vestibule—in fact, anywhere it is placed right is the best floor, the brightest and the cleanest wall you can place. We carry the tile in stock, we do the work, we take the risk. When the work is done you will shell out the coin and smile.

Like all home dealers, whose reputation is at stake, WE MUST PLEASE. Our office phone is 440.

Butter-Butter-Butter!
For the Fourth Time This Week

EAT butter, but don't waste it. The right place for butter is on your dining table; the wrong place is in your kitchen. Every time you shorten or fry with butter you waste money. *Cottolene*—the vegetable shortening—will give you equally good results at one-third the cost.

Cottolene

makes light, digestible food, which any stomach can digest. *Cottolene*-made food is rich, but never greasy. Neutral in taste, practically without odor, *Cottolene* is a product of carefully selected cotton oil, refined by our exclusive process.

Use one-third less *Cottolene* than either butter or lard.

Convince yourself with this recipe:

One Egg Muffins

1½ tablespoons melted *Cottolene* 1 tablespoon sugar
1½ cups milk 1 egg 3 cups sifted flour
3 teaspoons baking powder 1 scant teaspoon salt

Sift the baking powder and flour together, add *Cottolene*, sugar and egg and milk Use more or less milk, according to the quality of the flour

AMUSEMENTS

BOOK DEDICATED TO DOG, FIELDS' MINSTRELS MASCOT

Court a thoroughbred pointer mascot of the Al G Field minstrels for years has the distinction that few canines ever earn during their lifetime Field in his book Watch Yourself Go By has dedicated the volume to his faithful four footed companion

In a characteristic passage that forms the preface to a greater interesting volume Field declares that no matter whether or not he has dedicated the book to his canine comrade that dumb friend will respect him none the less or cease to love him as a master friend and companion

The book contrary to popular belief, is not a history of minstrelsy Instead it is a refreshing story written in the third person and includes reminiscences in the life of the dean of minstrels Unique among stage producers Field during the twenty seven years of his career as a provider of amusement has never kept a diary nor even a route book His memory is remarkable, and he recalls scenes and incidents of years ago with ease During his years of traveling he has amassed a fund of information that is pleasantly recorded In a most characteristic vein Indeed reviewers declare the book to be one of the best of this years efforts

As in the book this season s program new from start to finish has originality as its keynote A massive scenic production is carried and the personnel of the company includes singers dancers and comedians all headliners in the world of minstrelsy An added novelty is the gold band whose instruments are all finished in the precious metal made by E C Conn who furnishes all the bands in the United States with instruments The engagement is at the Majestic Theatre March 1

A MODERN EVE DELIGHTS WICHITA FALLS AUDIENCE

Many and varied are the elements that constitute a successful musical comedy music and comedy as the basis with a plot as a necessary evil a number of good looking girls a dash of sentiment some really new ideas in features and a few rollicking graceful dances—mix well and serve hot

Such was 'A Modern Eve' presented last night at the Majestic to an audience whose hopes were realized The piece had all of the ingredients enumerated above and then in good measure and the concoction was satisfying and pleasant It was one of the best presented on the local stage this season with not a dull moment

The costuming was the most interesting feature—we might use another word but interesting will pass The dresses ranged from majestic sweeping gowns on down through the various stages to the common or garden variety of simple and unadorned B V D s that must have borne a Kalamazoo Michigan trade mark The ne plus ultra was the appearance of several damsels clad in bows and arrows and little else Making all due allowances for the high cost of living and such things we think Mr Morris H Singer whose play it was could have done better for those girls than he did And then again there was a ragged sort of dress wherein the kores parted company right at the psychological point just above the knee There were other costumes too but looking back at them from this morning after one s recollection of them is not altogether clear In fact there was not enough of them to recollect

ATTENTION
Cotton Farmers

On next Saturday, March 8, at 2 p. m. we will give a demonstration of the

H. M. PARIS
Cotton Chopper

on the vacant lot south of postoffice and in rear of opera house on Ohio avenue. This chopper is manufactured by the Wichita Falls Foundry and Machine Co., and for two years it has proven a success beyond a doubt, chopping the cotton to a stand, leaving any space desired between the plants. It will cost you nothing to look, and we invite the farmers as well as all business men to see this demonstration.

SOME NEW BARGAINS

No. 1. A nice 6-room house facing east on Bluff street, modern house, adjoining Frank Kell's home, with good barn, servants house, lot 66x250 feet, between Ninth and Tenth. I only have this for one week at $5000

No. 2. One 8-room, two-story house on Scott avenue, corner lot 140x150 feet, this property will become business property, has all conveniences, nice barn, lawn, trees and sidewalks, this is a beautiful home, and you might say right in the business district of the city at $12,000

One-third cash, balance in 1 and 2 years at 8 per cent interest.

No. 3. I have a business brick building on Ohio avenue, 25x75 feet, between Seventh and Eighth streets, two story building, well rented paying a good income, this is the only property that I know of that can be bought in this block, price $17,500

No. 4. Corner lot close in 70x150, with 2 large two-story dwellings on it, which rents for $150 per month, this is property that will become business property in a very short while and at the same time pay you good interest on your investment while you wait. Price $15,000

No. 5. Corner lot on Seventh street, 50x150 feet, in two blocks of the main business part, price $3500

All these investments are A-1 and any man will be proud to own any of them. It will pay you to investigate if you expect to invest money in Wichita Falls.

Albert Sidney Burleson, Texan,
The New Postmaster General

The new postmaster general, Albert Sidney Burleson of Austin, Texas, was born June 7, 1863 at San Marcos, Texas; was educated at Agricultural and Mechanical College of Texas, Baylor University of Waco, and University of Texas; was admitted to the bar in 1884; was made assistant City Attorney of Austin, which office he held from 1885 to 1890; in 1891 was appointed by Governor James S Hogg as prosecuting attorney for the Twenty Sixth Judicial District of Texas, to which office he was afterwards elected successively from 1892 to 1896; in 1898 was elected to the Fifty sixth Congress, to succeed Hon Joseph D Sayers, who was elected Governor of Texas; was successively re-elected to the Fifty-seventh, Fifty eighth, Fifty ninth, Sixtieth, Sixty-first, Sixty-second and Sixty-third Congresses, each time without opposition in his own party.

During his service in Congress Mr. Burleson has held places on the following important committees: Census, agricultural, foreign affairs and is at present the ranking Democrat on appropriations, with one exception (ways and means) the most important committee of Congress.

In recognition of the esteem in which he is held and the sacrifices that he made for th eabrmonious accord of the membership of the Democratic House and also because of his fitness for the place, Mr. Burleson was made chairman of the Democratic caucus. At the organization of the last Congress was urged for chairman of appropriations or agriculture committees, but, in order to avoid friction and discord, stepped aside and yielded the honors to others.

Albert Sidney Burleson is the son of Major Edward Burleson who served with distinction in the Confederate States army throughout the war between the States, and the grandson of General Edward Burleson, who commanded the volunteer forces of the Texan army at the Battle of San Jacinto, April 21, 1836, when the Texans defeated the Mexicans and won the victory that gained for the Lone Star Republic its independence and freedom from the tyranny of Mexico.

Both General Burleson and his son served in the war between the United States and Mexico.

General Burleson was Vice President of the Republic of Texas in 1840, webn David Burnett was President. He was a candidate for President of the Republic of Texas in 1844 as an annexationist, and Dr. Anson Jones was the opposing candidate as an anti-annexationist, that being the issue in the campaign. Dr. Jones was elected by 1020 votes. However, the sentiment was so strong in favor of annexation that after he became President he sent a message to the Texas Congress advocating its adoption.

In 1848 General Burleson was elected State Senator and was made president of the Senate, which office he held at the date of his death, when he was 51 years of age.

At the outbreak of the war between the States, Mr. Burleson's father, Major Edward Burleson, was captain of the Texas Ranger forces, in the State service, at the same time that General Robert E Lee was commander of the United States forces at Fort Mason, Texas, and co-operated with General Lee in the protection of the frontier Like General Lee, he was a Union man, opposed to secession; however, after the articles of secession were adopted, Major Burleson accepted a commission as major under General Henry E. McCulloch, in the Confederate States army, and served throughout the war between the States.

Major Burleson was a member of the constitutional convention that framed the present constitution for Texas.

Dr. Rufus C. and Dr. Richard B Burleson were cousins of Major Burleson, Mr. Burleson's father; they were the founders of Baylor University, the first educational institution established in Texas Dr. Rufus Burleson was president of the university for over 40 years, and Dr. Richard B Burleson was dean of the faculty for many years.

Mr. Burleson's great grand-father James Burleson, was captain in the Creek Indian wars in Tennesee and also served in the war of 1812 and was a friend of Andrew Jackson

Mr Burleson has placed on the statute books a number of important laws. Foremost among the industries to feel the impulse of Mr Burleson's efforts should be placed cotton As the most important product of his section, the basis indeed of its prosperity, it is natural that he should have begun early to consider its needs.

He inaugurated the campaign against the boll weevil and his initial legislation was an appropriation of $35 000 with which to investigate this pest. Later he succeeded in raising this to $250,000, which has now become a permanent feature in the annual appropriation bill This fund had made possible demonstration farms throughout the South, where the advantages of diversification are shown, soil conditions studied and experiments made looking to the betterment of cotton seed the propagation of new varieties and their seelction for particular localities according to climate and other conditions

Through Mr Burleson's efforts a uniform standard of cotton has been porvided by law, which enables every farmer to know the grade of his product and to obtain its market value He secured the legislation providing for the ginners' reports and also for more accurate estimates of the annual yield of cotton, so that it is now known with reasonable certainty how much cotton is annually planted, produced, exported, consumed by spinners or being held for future use Thus the efficiency of the government statistical work has been materially increased, the trade supplied with accurate and reliable statistics on the production and consumption of cotton, which makes for stability of prices, the ascertainment of the true value of the product and greatly diminishes the evil influences of the professional cotton estimators and gamblers

In obedience to a resolution introduced by Mr Burleson the government recently investigated the speculative cotton exchanges. Three years ago he started his fight against gambling in futures on these exchanges, which has resulted in a bill now before Congress

In addition to his work along agricultural lines, Mr Burleson secured a large appropriations for deepening the channel of the Brazos River, which runs through his district, and as a member of the committee on appropriations has been in a position to safeguard the passage of many bills drawn in the interest of his State. He secured the reimbursement of Texas by the National government to the extent of $400,000 expended by the State for frontier defense during the Indian wars from 1855 to 1860 and the enactment of a law placing on the pension roll all Texas Rangers who aided in that defense during that period.

In addition to the long list of actual services, many of which have received no mention, rendered to his State, the South and, in agricultural matters, to the entire country, Mr. Burleson has shown himself a master of legislative tactics, an astute politician and a leader of men. As the mediator between the insurgent Republicans and the Democrats he brought about their coalition and organized the fight against Cannonism, which so far has resulted in removing the Speaker from the committee on rules. When Mr Cannon dared the members of the House to declare his office vacant, it was Mr. Burleson who promptly accepted the challenge and, through his courage and understanding of the situation, turned the occasion into a victory for the Democrats by forcing the Republicans on a record vote to again indorse Cannonism.

HEALTHY WOMEN SCARCE

Is the Verdict of Scientific Investigation

How many women do you know who are perfectly well, strong and healthy as a woman should be? They may not be sick enough to lie in bed—but they are run down, thin nervous tired and devitalized.

Women are so active nowadays and so much is expected of them that they constantly overdo and suffer from headache, backache, nervousness and kindred ills

Such women need Vinol, our delicious cod liver and iron tonic without oil which will create an appetite, tone up the digestive organs, make pure blood and create strength.

Mrs. W. G Ritchie, Patchogue, N Y., says "Vinol is certainly the best tonic I have ever taken I was run down and tired all the time, but, thanks to Vinol, I am feeling all right again."

Butter-Butter-Butter!
For the Fourth Time This Week

EAT butter, but don't waste it. The right place for butter is on your dining table; the wrong place is in your kitchen. Every time you shorten or fry with butter you waste money. *Cottolene*—the vegetable shortening—will give you equally good results at one-third the cost.

Cottolene

makes light, digestible food, which any stomach can digest. *Cottolene*-made food is rich, but never greasy. Neutral in taste, practically without odor, *Cottolene* is a product of carefully selected cotton oil, refined by our exclusive process.

Use one-third less *Cottolene* than either butter or lard.

Convince yourself with this recipe:

One Egg Muffins

1½ tablespoons melted *Cottolene* 1 tablespoon sugar
1½ cups milk 1 egg 3 cups sifted flour
3 teaspoons baking powder 1 scant teaspoon salt

Sift the baking powder and flour together, add *Cottolene*, sugar and egg and milk. Use more or less milk, according to the quality of the flour

AMUSEMENTS

BOOK DEDICATED TO DOG. FIELDS' MINSTRELS MASCOT.

"Court" a thoroughbred pointer, a mascot of the Al G. Field greater minstrels for years, has the distinction that few canines ever earn during their lifetime. Field, in his book "Watch Yourself Go By" has dedicated the volume to his faithful four-footed companion.

In a characteristic passage that forms the preface to a most interesting volume, Field declares that no matter whether or not he has dedicated the book to his canine comrade, that dumb friend will respect him none the less or cease to love him as a master, friend and companion.

The book, contrary to popular belief, is not a history or treatise on minstrelsy. Instead it is a refreshing story, written in the third person and includes reminiscences in the life of the dean of minstrelsy. Unique among stage producers Field, during the twenty-seven years of his career as a provider of amusement has never kept a diary nor even a route book. His memory is remarkable, and he recalls scenes and incidents of years ago with ease. During his years of traveling he has amassed a fund of information that is pleasantly recorded in a most characteristic vein. Indeed reviewers declare the book to be one of the best of this year's efforts.

As in the book, this season's program, new from start to finish, has originality as its keynote. A massive scenic production is carried, and the personnel of the company includes singers, dancers and comedians all headliners in the world of minstrelsy. An added novelty is the gold band, whose instruments are all finished in the precious metal made by E. C. Conn, who furnishes all the bands in the United States with instruments. The engagement is at the Majestic Theatre March 13.

"A MODERN EVE" DELIGHTS WICHITA FALLS AUDIENCE

Many and varied are the elements that constitute a successful musical comedy, music and comedy, as the basis with a plot as a necessary evil, a number of good looking girls, a dash of sentiment, some really new ideas in features and a few rollicking graceful dances—mix well and serve hot.

"Such was "A Modern Eve" presented last night at the Majestic to an audience whose hopes were rewarded. The piece had all of the ingredients enumerated above; had them in good measure and the concoction was satisfying and pleasant. It was one of the best presented on the local stage this season, with not a dull moment.

The costuming was the most interesting feature—we might use another word, but interesting will pass. The dresses ranged from majestic sweeping gowns on down through the various stages to the common or garden variety of simple and unadorned H. V. D's that must have borne a Ypsilanti, Michigan trade mark. The ne plus ultra was the appearance of several damsels clad in bows and arrows and little else. Making all due allowances for the high cost of living and such things, we think Mr Mort H. Singer, whose play it was, could have done better for those girls than he did. And then again there was a raggy sort of dress wherein the gores parted company right at the psychological point just above the knee. There were other costumes, too, but looking back at them from this morning after, one's recollection of them is not altogether clear; in fact, there was not enough of them to recollect

Albert Sidney Burleson, Texan,
The New Postmaster General

The new postmaster general, Albert Sidney Burleson of Austin, Texas, was born June 7, 1863 at San Marcos, Texas; was educated at Agricultural and Mechanical College of Texas Baylor University of Waco, and University of Texas, was admitted to the bar in 1884, was made assistant City Attorney of Austin which office he held from 1885 to 1890, in 1891 was appointed by Governor James S Hogg as prosecuting attorney for the Twenty-Sixth Judicial District of Texas, to which office he was afterwards elected successively from 1892 to 1896, in 1898 was elected to the Fifty-sixth Congress, to succeed Hon Joseph D Sayers, who was elected Governor of Texas, was successively re elected to the Fifty seventh, Fifty eighth, Fifty ninth, Sixtieth, Sixty-first, Sixty second and Sixty third Congresses each time without opposition in his own party.

During his service in Congress Mr Burleson has held places on the following important committees: Census, agricultural, foreign affairs and is at present the ranking Democrat on appropriations, with one exception (ways and means) the most important committee of Congress

In recognition of the esteem in which he is held and the sacrifices that he made for th eahrmonious accord of the membership of the Democratic House and also because of his fitness for the place, Mr. Burleson was made chairman of the Democratic caucus. At the organization of the last Congress was urged for chairman of appropriations or agriculture committees, but, in order to avoid friction and discord, stepped aside and yielded the honors to others.

Albert Sidney Burleson is the son of Major Edward Burleson who served with distinction in the Confederate States army throughout the war between the States, and the grandson of General Edward Burleson, who commanded the volunteer forces of the Texan army at the Battle of San Jacinto, April 21, 1836, when the Texans defeated the Mexicans and won the victory that gained for the Lone Star Republic its independence and freedom from the tyranny of Mexico.
